This component allows the user to select the total amount of guests that are going to figure in the reservation, and shape the price.' A large callout box on the right provides a visual representation of the 'Guests Picker' component, showing two numeric stepper controls: one for 'Adults' (set to 2) and one for 'Children' (set to 2). Each stepper has a dropdown menu showing child ages: 'Child 1 age 6' and 'Child 2 age 17'.
